Dear Friends:

We were shocked and greatly saddened to learn that our colleague and friend, Dr. Carl Wigal, Professor and Chair of Chemistry, died suddenly Sunday, June 20. He was 46 years old.

Carl had worked at Lebanon Valley College since 1993 and had served as chair of the Department of Chemistry since 1998. He was an exemplary teacher and scientist and a model citizen of this institution. We are all diminished by Carl's loss. He will be greatly missed.

Funeral services will be held at the Kreamer Funeral Home this Friday at 7 p.m. Kreamer's is located at 618 E. Main Street in Annville. Friends may call on Friday evening, also at Kreamer's, from 5 to 7 p.m. A reception, to be held in the West Dining Room of the Mund College Center on campus, will follow the funeral service. Interment will be at the convenience of the family.

For more information on Carl's extraordinary career and accomplishments, you may wish to visit the College's web site, <http://www.lvc.edu> or Carl's personal pages, <http://personal-pages.lvc.edu/~wigal/>.

Stephen MacDonald
Acting President
