FULL-TIME STUDENT ACCOUNT WORKSHEET
PLEASE COMPLETE AND RETURN BY AUGUST 8, 2011

FALL 2011 SEMESTER ONLY

Name _____

Student Number _____

It is possible that the enclosed Statement of Account does not accurately reflect your balance due for the fall semester. Because certain types of financial aid have not yet been credited to your account, or because you made arrangements to utilize a payment plan, you may need to use this worksheet to determine the exact amount owed to the business office at this time.

If you received a financial aid award letter for the 2011-12 academic year, we suggest you have a copy of that letter in front of you when you complete this worksheet. Any aid, which you are eligible to receive for the fall semester (per the financial aid award letter), which has not already been deducted on the Statement of Account, may be deducted on the appropriate line of the worksheet. Note: Please do not include Federal Work Study or College Work Aid employment estimates. They are not applied to the semester statement of account, but are paid directly to student employees through payroll.

Meal Plans: All meal plan changes must be made directly with Student Affairs at 717-867-6233. Please include any monetary adjustments on the worksheet, for proper calculation of balance due, but please note that these changes will not be reported to Student Affairs.
